

## About us

Are you looking for a new reliable source to keep your light to heavy commercial vehicles on the road?

Lancing Commercial is a family run business providing main dealer type facilities but at independent prices and hourly rates. We can achieve this by keeping our overheads low and a flat management structure. We understand the importance of keeping your vehicles on the road in the most efficient manner and keeping you informed of your servicing, safety check and MOT requirements. We work in partnership with our customers, saving you time and money on your own transport resources.

We provide a “one stop shop” in our purpose-built 20,000 sq ft facilities including service bays, Class IV and VII MOT centre, refrigerated vehicle hook up, commercial body repair shop, and ample parking for commercial vehicles. Ideally located virtually next door to VOSA Lancing and we are VOSA recognised for Operator license purposes.

We have full modern workshop facilities for **all** types of commercial vehicles from light van to articulated and trailer. Over 30 years experience in **all** OEMs with particular experience in Mercedes, Iveco, DAF, MAN, & Volvo, plus horseboxes and motor homes.

In addition we provide 24 hour emergency call out, vehicle collection and delivery, and facilities whilst you wait for emergency repairs and MOT. Our office hours are 8am to 6pm Monday to Friday, 8am to 1pm Saturday.

## Pricing

- Main dealer type facilities, impartial advice at independent, competitive prices
- Estimates for larger jobs prior to commencement of work
- Credit cards accepted
